Welcome to “Okeili & Co Venture Capital Club”

Venture Capital and Entrepreneurship have emerged over the last two decades as two of the most powerful economic forces. Enterprise creation needs risk capital. Venture capitalists or individual investors provide such risk capital, and facilitate the development of entrepreneurship. Okeili & Co Venture Capital Club is established today to facilitate the provision of this risk capital through individual investors looking for low-hanging fruits.

What is the club mission?

The region is packed with investors pursuing outstanding talent – entrepreneurs who have passion, drive and commitment, sound business acumen, a clear strategic vision and a superior business plan to translate their idea into a successful venture. While Okeili & Co team is already empowering such talent with cutting-edge business plans, the Club further aims to bridge this pursuit gap, and therefore bring together entrepreneurs and investors to create venture capital opportunities in the region.

What does the club offer?

Okeili & Co Venture Capital Club is designed to bring to the table a diverse portfolio of investment opportunities identified through our valued clientele, who are willing to venture or exit in a diverse set of industries.

The Club members will receive invitations for investments or acquisitions identified through our valued clients.

Our research and due diligence ensures that we only bring to the Club members, those ventures in the market that have high likelihood to deliver high returns, unless the members are also interested in flirting with idea-stage opportunities. It is imperative to note that the Club will not manage any venture capital fund at this stage. In other words, the Club management team will not hold or manage your cash.

Who can join the club?

The Club is intended for regional investors and executives, who can demonstrate a serious appetite and capability for investments, irrespective of their preferred ticket size. Whether you are an angel investor or a savvy investor, the Club warmly welcomes you to join. To that, joining at the moment is for free and requires no commitments.
